DETAILED ACTION

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 56-69 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The limitations “located on the outer side of the heating belt relative to the flexible support” and “the inner side of the heating belt relative to the flexible support “ in claims 56, 61, 66 and 67 are vague and indefinite because “the flexible support” is a part of “the heating belt”. Therefore, “relative to the heating belt” is not structurally understood. Furthermore, “the inside of the heating belt” and “the outer side of the heating belt” in claims 56, 60-62, 64, 66 and 67 are also not proper. It appears they should they be “the inside of the flexible support” and “the outer side of the flexible support” as “the heating belt” is the overall article comprising every claimed components that include the flexible support, the composite material and the coating material. See claim 69. Clarification and correction are required.

3. Claims 1, 2, 4-21, 34 40-50, 54, 55 and 71 are allowed.
4. Claims 56-65 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 3742

5. Claims 66-70 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
